"Business Secrets From The Bible," this outstanding new book from Rabbi Daniel Lapin, could just have easily been titled "Secrets for a Successful Life." While this new book from Rabbi Lapin focuses on business, these 40 â œSecretsâ • derived from Ancient Jewish Wisdom apply to all aspects of human life. It is neither a book of stock market tips nor financial analysis. It is a book about success in life and business, achieved by compliance with the will of God. Please note that while this book will probably be more meaningful to believers, Rabbi Lapin discusses why it should also be useful and practical for non-believers.The wisdom in this book is not taught in colleges or business schools. As a retired businessman with an MBA from the University of Chicago and a successful business career, I highly recommend it to anyone looking for advice on how to improve their lot and the lot of their families in the real world.Each â œSecretâ • is presented in relatively short chapters that can be read on its own; although, the whole book should be read for full context. Each contains fascinating connections between the Bible and the real world that will amaze most readers. The Rabbiâ ™s understanding of the physical sciences and the unique aspects of Hebrew, the Lordâ ™s language, provides meaningful and frequently astounding connections that amazed me. Just two examples: â œSecret #13â • uses comparisons between Hebrew, English, French, and Spanish to explore the difference between â œearningâ • money and â œwinningâ • money. â œSecretsâ • #4 and #12 explore the connectivity required of the 92 naturally occurring elements in the periodic table and Godâ ™s message for us to bond, combine, and connect in order â œto produce utility and value,â • something only humans can do.
