The Future Of Private Equity: Beyond The Mega Buyout

Synopsis

The easy money that flowed through the banking system prior to 2008 fueled a boom in buy-outs. Now it is gone, how will the private equity industry reinvent itself? A series of interviews with some of the most respected and innovative firms, give rare insights to the strategies that will drive this secretive sector over the next economic cycle.

Customer Reviews

I found this book very resourceful, especially for private equity professionals in developing and emerging countries. The author delivered perspectives from top professionals in a simple and clear manner.

I have found this book extremely thought provoking, well researched and written. As it states, a must read for anyone involved in the business of private equity.
