## Customer Reviews

i consider this book to be the most valuable resource, in terms of art (art being all artistic medium) theory, that one can find. richard kostelanetz is a superb editor, and the book is organized to the infinitesimal of degrees. the book consists of a compendium of interviews with cage, conducted by various peoples, spanning about forty years. this book is a precise method through which to understand the means that led to cage's understanding of art and life. in that regard it serves as a fundamental piece of learning material because he divulges what he knows and how he came to know it, rather than how he feels.

5 star
