Serial Killers: True Crimes.: Chilling & Deadly Serial Killers (Serial Killers True Crime Collections. Book 1)

Synopsis

From the writings of J. Hart comes 'Chilling & Deadly Serial Killers. Serial Killers True Crime Collection.' Some killers act in a sudden explosion of rage. Serial Killers, they are different; they like to draw their killings out over a number of years, turning them into sadistic art forms. Torture, mutilation, and endless suffering is often the chosen method for serial killers. When the evil inside of them takes over, the results are some of the worst crime scenes imaginable. The most frightening thing is; they usually look just like usâ.âWe are your husbands, your sons; we are everywhere.â • Ted Bundy. Serial Killer.Serial Killers: True Crimes. "Chilling & Deadly Serial Killers." A stunning collection of the world's worst Serial Killers. A fascinating glimpse inside the depraved world of Serial Killers, the horror they inflict on their victims, and the blood-drenched crime scenes they leave behind. An intriguing, addictive read....Hard to put down....and even harder to forget. Free in Kindle Unlimited. Download Free Sample. Read on all devices with free Kindle Cloud reader.

Customer Reviews

I especially enjoyed the scenes that the people gets killed in. There is no way to say it and have it

sound not creepy. But I'll try. I really like how the author described those scenes. They are very different from the rest of the novel. While the book is written in a very casual way, the death chapters are written in a very beautiful prose. It made the deaths beautiful yet chilling.

This is the second book from J Hart that I found fascinating. Most of the cases covered were new to me and I am glad they were included here. I have always found a fascination with true crimes and serial killers and stories like this are never a let down. My recommendation is guaranteed

This is a well-crafted book that reels you in as you turn each page. It has an easy style and the stories of these serial killers and what they did are shocking and riveting to read. I recommend it if you want to read about the most evil serial killers in America and across the world.

This is a difficult book to read. The descriptions/stories are short and confusing. The author doesn't follow a coherent timeline and sometimes has omitted the subjects entire name which is also confusing because you cannot determine who the author is referring to. The lack of sentence structure proper spelling and grammar make this a difficult and frustrating read. Additionally, having done some in depth research before reading this book, I can attest to the fact that there are some blatant errors and lack of factual information. If you can, read a text book. Avoid this purchase. It wasn't worth the \$6.00.
