Customer Reviews

I previously wrote to customer service regarding the fact that this book only downloaded 3 pages of the book but charged me for the book. I don't care about the 2.9 but I want to read the whole book. I have tried to rebuy it but the system keeps telling me I have already purchased. It on oct. 10th. Can someone fix it so that I can rebuy it again or finish downloading. The whole book for me. I am giving the book 4 stars because just 3 pages really held my interest and I know it will deserve 6 stars if I get the rest of it to read. Thanks

Well written book, I have no hesitation in recommending this book.
