My granddaughter loves this books and the others in this series. The rhymes n the story are whimsical and sing-song sounding. She loves it. The illustrations are also really cute. She enjoys them all.

I'm currently recovering from knee surgery and I'm confined to my room. I can't do much to entertain my newborn baby so I downloaded this book. She really seemed to enjoy it and was actually paying attention.

This review is from my six year old, who is in kindergarten and she says the following:"I love this

story. It was awesome awesome and my favorite part was when the bird bumped into the cow and the cow said moo so the bird loved to say moo and then all the other birds said moo too! Moo moo moo!"

Very cute. My daughter loved it. It was the perfect length and kept her attention. She is three and really liked all the different animals in the story. A very easy read and I thought it was cute also.

This story teaches kids that you can actually do more than you think you can. (In my opinion atleast.)The bird can not only tweet, but he can moo!
