# True Justice

## **Synopsis**

For Butch Karp, chief assistant district attorney for New York County, the nightmare begins when a shocking act of negligence results in homicide. Goaded by the media's sensational publicity, the public is screaming for blood, and the DA is listening. It is Butch Karp's unpleasant job to give the public what it wants - a thorough administration of hard-line justice - by prosecuting a poor, Hispanic, fifteen-year-old mother for murder. Complicating matters further is Butch's wife, private investigator Marlene Ciampi, who has decided to return to law. On her first assignment, a case involving an equally unspeakable tragedy, Marlene has the unenviable task of taking on a politically ambitious local prosecutor who is pressing to charge a suburban teenager with capital murder. With Butch and Marlene squaring off on opposite sides of a national debate, things couldn't get worse, until an astonishing turn of events puts their daughter at the center of a horrifying crime. Suddenly, everything they believe in is challenged, as they are drawn into a maelstrom of big city politics and small town values, where justice is sacrificed to the twin gods of public perception and expediency - and Karp must struggle to salvage his self-respect, his career, and his very life.

## **Book Information**

Audible Audio Edition

Listening Length: 14 hours and 35 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Simon & Schuster Audio

Audible.com Release Date: March 20, 2012

#541 in Books > Audible Audiobooks > Mysteries & Thrillers > Espionage #2208 in Books >  
Mystery, Thriller & Suspense > Thrillers & Suspense > Legal

## **Customer Reviews**

No one can match Tannenbaum for his marvelous stories about the crime fighting family of Butch Karp and Marleen, to which you can now add daughter Lucy. The suspense in these stories consists of whether or not Marleen will have to take the bad guys in hand and dispose of them. She's shot a few and creamed a few others. Her thought processes are marvelous, as are Lucy's,

her mother's daughter but with a different slant. Whether in the courtroom or out, Butch and Marleen will keep you thrilled with inside knowledge of how the justice system works. Tannenbaum is about the only writer that has been able to turn out 11 or 12 books without running out of steam. His latest is just as good as his first, and there aren't many you can say that about.

Once again Tanenbaum brings back his characters shaping this book into a legal thriller. While I always enjoy this author's work, I can never quite get over the feeling that I am reading short stories instead of one novel. It always seems that Marlene, Butch and Lucy are all living out their lives separately and that although the stories do cross over, are never really intertwined properly. This last novel is no exception to this. While I admire Tanenbaum's attitude of "strong women - no victims" approach in all his books, I never get the feeling that the characters complete themselves. Nonetheless, a good read and of course, as always, the somewhat "dry humor" is always great.

The three infant deaths in Manhattan in a week all share in common that an outsider found the abandoned corpse of an unwed mother. By the third death, the media leads a public frenzy seeking to lynch someone for the rash of infanticides. The police catch all three "monster moms". They turn out to be a fourteen year old African-American who thought she had a stomach ache, a sixteen year old Puerto Rican who claimed the child was caused by rape, and a white adult who seemed retarded. The obvious target of the New York County DA is sixteen year old Lourdes Bustamente, who appears to be the only one with premeditated causes. The case is assigned to Butch Karp to prosecute. Meanwhile Butch's wife attorney Marlene Ciampi is thinking of retiring from her work of legally protecting battered women after a recent incident turned ugly. However, a case in Delaware to defend a woman accused of murdering her infant lures Marlene back into the courtroom. *TRUE JUSTICE* is an intriguing look at similar cases from the perspectives of the DA's office and the defense attorney. The plot also provides readers with an insightful look at how a tense case can impact the personal lives of the players. The story line at first appears to simply manipulate the tale to allow Ciampi's subplot to occur rather than flow from events. Still, Robert K. Tanenbaum makes it work through his intelligent gaze at the junction of the legal, moral, and political systems abetted by the strong relationship between the lead couple. Legal thriller fans will thrill to the latest Ciampi-Karp tale. Harriet Klausner

I haven't missed a Tanenbaum book yet and cannot wait for the next one. Marlene, Butch, Lucy, Zik

and Zak, Harry-- all of em are my favorite characters. oops--missed Sweety and Tran.I've enjoyed following them from the beginning, and especially like the development of Lucy, as the adventures continue. Wonder when the twins will start solving crimes? It is after I finish a new book that I go back to previous Karp adventures and re-read. My husband thinks re-reading is silly , so please Mr. Tanenbaum, start on a new one soon! An insatiable reader in NWFla

The latest installment of Tanenbaum's Karp-Ciampi series is up to the high standards set by its predecessors. Whatever you're seeking at the higher levels of escape fiction - legal thriller, police procedural, extended family saga, commentary on contemporary culture, manners, and morals - it's all to be found here. Tanenbaum is one of those happy few who rise above the ranks of genre writers by virtue of a keen sense of observation, a multidimensional worldview, and a fluid prose style - think of Patrick O'Brian or Ursula K. Le Guin. Read this, then go back and read them all.

It isn't easy to write a series that remains entertaining even after the protagonists get married and have children. Where do you go when the couple settles down and has children? Robert Tanenbaum continues to deliver laughs and excitement even though Butch Karp and Marlene Ciampi are an "old married couple" with a sixteen-year-old daughter and seven-year-old twin boys. As usual, Tanenbaum's dialogue is crisp and street-smart, with lots of amusing repartee. In this novel, Tanenbaum explores the moral dilemma of prosecuting women who are guilty of infanticide. Should the state prosecute these women to the full extent of the law? Karp and company struggle with moral and legal dilemmas, and they must find a way to win cases and live with themselves at the same time. Marlene is back in the courtroom and Lucy is learning how to deal with the agony of being spiritual in an imperfect world. Unfortunately, some of the plotting is contrived and unbelievable, especially at the end. In spite of this flaw, Tanenbaum's knowledge of the law and his talent for creating memorable characters make "True Justice" an engrossing and entertaining novel.
