## **Customer Reviews**

There are good, silly little kids stories related to Minecraft, such as the kid who played so much and was so spoiled that his parents bought him everything Minecraft, even buying him an island. This continues until... [spoiler ;)] There are no stories actually set in Minecraft, though. All real kids living real lives... though some Minecraft characters do manage to find their way out. The stories are a bit short, and there are only five. I bought this book when it was free.

This wasn't bad but I don't like how they didn't finish the last story, and in each one something happens to the main character that is Minecraft related.

I was looking for Minecraft books for my kids and haven't actually bought this book, but am giving it

5 stars for the cover.
