## Customer Reviews

This book is an excellent resource not just for kids, but for anyone who spends a lot of time with children. Teachers, camp counselors, parents, etc. will all appreciate grabbing some of these jokes and riddles and sharing them with the children in their lives. I was surprised to find that there are no illustrations in this book, other than the one of the cover. It's all text, which is fine if it's meant as a

resource. I remember having a joke book as a kid and I thought it was hilarious to share the jokes with friends and family. I could see this book being used for ideas during any number of school/daycare themes. From Q & A style, to Knock-Knock, to holiday-themed, there's something for everyone in this book. It's well worth the .99!

There's a great variety of jokes in this book, meaning it can be great for young kids but can also be used by parents and still be entertaining. It's a short book but considering the amount of jokes in it I guess it is quite good value for money. The longer jokes and riddles are entertaining and I can see why it would be funny for kids to read. I would recommend this as it is so versatile and can be used by people of all ages. Five stars!

Well, I guess you should buy this book and give to your child if you want for him to be the smart-ass of the crowd and always have an answer or a joke to crack in most of the situations. It is filled with innocent and well-written jokes and riddles who are not vulgar so is perfect for kindergartens also, the formatting make it easy to read. And as a bonus, it gives to the child opportunity to read one book more.

Jokes for kids is a good book for everyone. It's a very entertaining book too. Kids are going to have a lot of fun reading this book apart from their boring study book. The book has several chapters. I liked silly jokes and funny riddles chapters most. There are other entertaining jokes like knock knock jokes, practical jokes and many more. I think adults are also going to like this book too, and specially kids are going to enjoy and love this book. Liked it so much.

I was asked by the author to share my honest thoughts about this book. After reading it, i can honestly say that this is a high quality book. I really liked all the jokes that this book provide and laughed a lot! This book talks about: Silly Jokes, Knock Knock Jokes, Halloween Jokes, Who Am I, Funny Riddles, and Long Jokes. As you can see, this book can really help you with knowing some good jokes, so i really recommend this book!

I laughed at some jokes but generally it is so funny reading the entire collection of jokes. My kids are laughing while reading it loud one by one. This is a good one to start the day. Laughter is always the best medicine, and it is free. I love it. I want to say thank you so much to the author for providing this one. It helps a lot to me and my kids. Laughing together is one of the best bonding ever.

I was expecting kids jokes which wouldn't apply to adults, but the jokes were quite funny even for myself. The book was a barrel of laughs, not thinking I would laugh I did when I saw the answer. You will gain entertainment from the book. well worth the money

The jokes here are so funny. Hahahaha. I'm still laughing here now.LOL. Very good sets of jokes! This is great for spending time with kids, I'm sure they will really love it too.
