## **Customer Reviews**

This trumpet book was exactly what we expected it to be. My child's trumpet instructor requested this book so we bought it. The price from is always a little less than our instructor can purchase it.

This is the required book for band at my son's school. He has used the earlier books in previous years at different schools.

My daughter is excited to learn to play trombone even better and is looking forward to practicing

before school starts.

Learned a lot from this book. Good for school and any beginner french horn player and it was required for school.

The corners came all bent up it was not colorful at all. Not what i was expecting!

Arrived on time and saved me heading all over town looking for a band book.
