Customer Reviews

I just started getting into this book and love it. Especially if you have a taste for classical music, this amazing little book includes simple pieces for the beginner, including an old man like me, that are remarkably sophisticated. It is both challenging and satisfying for what it has to teach.

I was glad to find this series. Good arrangements in all 3 books help to provide a great intro to playing classical piano. I do feel some arrangements are better than others and prefer Level 1 and 2 over the Prep. Students enjoy using these books.

Great book! We bought it based on our teacher recommendation. Nice first level classic songs!
