Customer Reviews

This is a high quality book from one of the best authors in the Minecraft category. My nephew and I know that we can trust this author to give us our (my) money's worth on each book that is released. This book is filled with adventure as the wither sets out to find more of his kind. We couldn't even put the book down until we finished because we were so excited to find out what was going to happen. My nephew and I are now eagerly awaiting the next book.

This book had easy language that young readers can understand the book. Interesting plot and well

written. No grammar errors either. I have read this book myself and I was extremely impressed with it. Totally recommended. If you have a problem with your child not reading, this would be the solution to your problem. Nice and long. Perfect for reading during bedtime. Please make more books that are great!

I did not read this book yet. But really I love Withers! This is me: This account is my dad's! Ya, I am a child. I hope you can tame withers in next minecraft update! I think he should write a guardian one. Or a Shulker diary! This book is so good. I can borrow this book in Kindle!

This was such an awesome book! A lot of Minecraft diaries by bosses are just "today I watched the pigment and I destroyed a village." But the author "Diary" does it again, I have never seen anything like it keep up the good work!!! ^
