## **Customer Reviews**

I am glad I bought mine as my school book store, it was 50 bucks even. Anyway, the book is super easy to understand, just make sure you are buying the correct book

The book came in perfect condition and quicker than I expected. I would recommend this book to anyone in their second semester of college taking English 101

It came later than expected. Not a big deal though. Realized I didn't need it after it arrived, but it's still handy to have around.

This was the cheapest book I've bought for college yet, and probably the only one I'll keep for

reference after school is finished.

I thought it would be the complete textbook. Butttt it stopped at page 400 while my professor is assigning page 600.

I'd like to thank my Drexel professor for making me waste another \$20 not included with my tuition for a book no one needed :)

I received the book in excellent condition as expected, and it was very useful in my college english classes.

Could you PLEASE make it accessible for the Kindle Paperwhite!!! I NEED it for college!!
