Best Sellers Rank: #69 in Books > Business & Money > Finance > Crowdfunding #1097 in Books > Business & Money > Small Business & Entrepreneurship > Home Based #4699 in Books > Audible Audiobooks > Business & Investing

Customer Reviews

Probably a little over priced. More likely a 1.99 book at best. Very basic. Plug in mic, record and you are a voice over artist. Nothing really for the advanced and very little for the beginner. You could easily find way more info free on the internet. I did check out Christopher Emerson's commercial demo online and he is very good. By the sound of his demo, he knows a lot more than this book leads you to believe. While not the best, if you are a total beginner and are just curious as to how things kind of work, you might enjoy the extremely short read.

A light read, and I appreciated the equipment tips.
